BACKGROUND

The Legislative Finance Committee (LFC) was first established as a fiscal and management arm of the New Mexico Legislature in 1957. Since its inception the committee's role in the state budget process has grown as the complexity and size of the budget has increased. The committee makes budgetary recommendations to the whole legislature for the funding of state government, higher education and public schools. The committee also prepares legislation addressing financial and management issues of state government.

New Mexico is fairly unique because both the governor and the LFC propose comprehensive state budgets to the full legislature. The New Mexico budget currently amounts to about \$5.4 billion in general fund appropriations and about \$14.87 billion in total funds. 44% of the general fund is allocated to public schools; about 23% for Medicaid, health and other human services; 13% to higher education and the remaining 20% to all other government.

The LFC conducts public hearings, usually about once a month, to consider budget recommendations and to pursue issues pertinent to the finance and management of New Mexico state government. Public attendance and participation is welcome.

LFC MEMBERSHIP

The LFC is comprised of eight senators and eight representatives. Political parties are represented in proportion to membership in each house of the legislature. Three legislators—those appointed to chair the House Appropriations and Finance, House Taxation and Revenue and Senate Finance Committees—are automatically members by law. Remaining members are appointed by the leadership of their respective houses. The chairmanship of the committee rotates between the House and Senate every two years.

LFC STAFF

The LFC maintains a permanent staff of fiscal analysts who examine budgets and review the management and operations of state agencies, higher education institutions and public schools, and participate in the state's revenue estimating process. The committee also employs professional performance auditors to perform detailed reviews of the finances and effectiveness of state-funded programs. During the legislative sessions, the LFC staff assists the legislature's finance committees in enacting the state budget and revenue measures.

KEY DATES IN NEW MEXICO'S PROCESS

December: A consensus General Fund revenue estimate for the ensuing fiscal year is developed by economists from the Department of Finance and Administration, Taxation and Revenue Department and the LFC.
